Re: Notice of Iowa National Status and Constitutional Infringement

This is Notice from The Iowa Assembly to you in your private and corporate capacities that men and women living in Iowa have corrected their political status, rebutting any and all assumptions and presumptions about their standing or jurisdiction.

Americans or American State Nationals/American State Citizens are living women or men, born on the land and soil of Iowa or they have relocated to and adopted Iowa as their nation state. Americans are neither a Municipal Citizen of the United States nor a British Territorial U.S. Citizen. They are Americans and exempt under Title 50, Section 7 (c) and (e), 2012, (see enclosed document) and have issued a FSIA Mandatory Notice.

It has come to our attention that in the 1860's, by Act of the U.S. (Territorial) Congress, the word "person" became a legal term of art, and for the government purposes of the Municipal Corporations, no longer meant a living man or woman.

Instead, to quote a typical admission from the State of Colorado Regulatory Code: "Person" means any individual, corporation, government or governmental subdivision or agency, business trust, estate, trust, limited liability company, partnership, association, or other legal entity. C.R.S. 2-4-401 (2017).

The word "individual" in this context means individual franchise corporation.

These entities are all operating in international or global jurisdictions of the law and have no affiliation with the living people they are named after. These corporations described as "persons" are all operated by foreign interests and the Americans they are named after have no control over them and receive no credible benefit or service from them.

The Americans of Iowa have declared status which is a fact in law and rebuts any claim(s) made otherwise. American rights are inherent and therefore do not come from any government, corporation, or document. Americans claim their rights to own/ control property, freely travel, enter into contracts, and be left alone, among other rights given by the Creator, are unalienable and not to be trespassed upon. Americans are non-combatant. Americans keep the Peace and Uphold the Public Law.

Further, the law of the land, being Natural Law, is binding on every living man and woman regardless of any man-made rules, regulations, ordinances, statutes, corporate charters, etc., and in fact, rules, regulations, ordinances, statutes, corporate charters, etc. are only binding by contract.

County attorneys, the state attorneys and the local sheriffs believe they are obeying and enforcing "the"

law, that is, **the only law they know**. It never occurs to them that there is more than one kind of law, and that they may be dealing with people who live under different forms of law than they do. Americans live, breathe, and stand under the **Public Law**, not municipal corporation private "law". It's an American's Public Duty to notice their employees --- and teach them.

Most of the "hired jurists" or judges in this country are not capable of teaching anything but legal procedure and statutory law. The Public Law isn't their bailiwick and they don't wish to be held accountable to it. These judges merely presume that Americans are municipal citizenry, that Americans adopt municipal citizenry law, and that Americans are accountable to the now 80 million statutes, codes, and regulations that municipal employees are required to obey.

In 1976, the Congress, operating as a Board of Directors of the United States, Inc. formally released all state law and all state offices to the United Nations. This outrageous action took place via two Acts of Congress. **Congress formalized this as the Foreign Sovereign Immunity Act (FSIA) and the International Organizations Immunities Act (IOIA)**. What this means is that they acknowledged the fact that all of our public offices were vacated. They were vacated by the very Act of the counties and the states **incorporated as franchises of the United States, Inc.**

Written Oaths of Office are required from all Municipal and Territorial Officers, sometimes called "District Officers", as a condition of occupying any Public Office. This logically applies to all franchises operated by these Municipal Corporations, too. This was deemed a necessary precaution to keep the individual foreign officers serving our American Government under contract and fully liable for their actions. Today, over 90% of all these purported Public Officials working for the District Municipal Corporations have no written Oath of Office on record and the percentage is even higher among the "Judges" operating the unauthorized military district courts and Municipal COURTS.

The "Judges" are in fact acting as **Hired Jurists**, whether or not an in-house corporate shareholder election took place. They are working for the Municipal Corporations housed in the District of Columbia in a private capacity, and they have **no valid Public Offices at all**. If these individuals were to write out and sign a notarized Oath of Office and place it on the public record, two consequences would simultaneously occur: (1) they would be admitting to impersonating a Public Official; and (2) they would be obligated to actually carry out the duties of the Public Office.

As it is, they **pretend** to occupy the Public Office, and get paid to do the dirty work for the Municipal Corporations, instead. Thus, they appear to serve the Public, while their actual job is to fleece the public and collect money and assets under False Pretenses. The judges, politicians, and even purported County Sheriffs on the corporate payroll evade signing and publishing the required Oath of Office to avoid liability for this, and that is why there are virtually no Public Oaths on record since the 1960's.

This is also the reason why none of the many decisions undertaken by these Actors are valid with respect to the Americans they misaddress as members of their own "citizenry". Wherever a Municipal Corporation employee occupies or appears to occupy a Public Office, elected or appointed, and they are acting without a written and notarized Oath of Office obligating them and making them liable for the duties of that Office, that same person is committing fraud, is impersonating a Public Official, and is treasonously neglecting and evading the duty of that Office.

The deluded Voters think that they are electing people to Public Offices, when in fact, they are engaged in a

completely different kind of election, a private, in-house corporation election to elect corporate officers. The elections are therefore just another kind of Substitution Fraud Scheme. The Voters aren't told that they are supposed to be functioning as Electors, instead, and that their Public Offices are either vacant or appearing to be occupied by imposters or, here and there, occupied by Americans doing their Public Duty.

The Voters don't know what kind of election it is, don't know the nature of the offices being filled, and don't know the candidates, either. Under such circumstances the results of any such "election" must be held null and void for vagueness, duplicity, and deceit, quite apart from any wrangle over hanging chads and whose computer program designed to alter election results was most effective.

Voters registering to vote and participating in the above-described elections aren't told that by voting in these misrepresented and undisclosed elections they are agreeing to tax themselves for the debts of these bankrupt corporations and to obey all 80 million codes, statutes, and regulations that have been heaped upon the Federal citizens.

Municipal and Federal employees are engaged in a delusion that Americans stand under the same law the Municipal and Federal employees do and presume that Americans have to be licensed, because Municipal and Federal employees do. It is presumed Americans have to do all the things and obey all the statutes, codes, and regulations---- that Municipal and Federal employees have heaped upon themselves. Fortunately for Americans, that doesn't happen to be true.

Man is not subject to statutory law and not within its "contemplation". Statutory Law exists for the creations of Statute---- and not otherwise. That's why it is called "Statutory Law". It applies to

Legal Persons, not people. It comes from the same Latin root word as State and Status. State is the level of government that controls the International Jurisdictions of Land and Sea. This jurisdiction is inhabited entirely by --- Lawful Persons and Legal Persons, not living men and women. **(See enclosed material for an explanation on the difference between lawful and legal persons.)**

Technically, no living, breathing man exists in the International Jurisdictions of Land and Sea. Americans stand under Public Law. Americans are owed protection and the Constitutional Guarantees and natural exemptions apply. Americans don't volunteer to waive any rights or adopt any offices of personhood.

"The American state national or American state citizen is immune from any and all government attacks and procedures, absent contract." See Dred Scott vs. Sanford, 60 US (19 How.) 393, or as the Supreme Court has succinctly said, "...every man is independent of all laws, except those prescribed by nature. He is not bound by any institutions formed by his fellowmen, without his consent." Cruden vs. Neale, 2 N.C. 238, 2 S.E. 70. These cases; since they don't speak to statutory law, won't be found among the tomes one regularly consults. That is quite a discovery, when one stumbles upon the records of land jurisdiction courts. The weight of 80 million statutes, codes, and regulations and all the court cases attached to them does not pertain to Americans.

Americans have never voluntarily or intentionally signed a contract which waived any of their inherent rights. Without a valid offer and acceptance with full disclosure, there is no meeting of the minds, and therefore no valid contract.

Any contract or agreements which supposedly give any entity authority or jurisdiction over Americans are therefore null and void including any that may have been entered into due to extreme

inconvenience and/or threat of force, and Americans do not now nor ever waive any of their inherent rights and freedoms.

The Territorial Congress shirks its duty to fully describe its intention and provide the details of how an Act is to be interpreted and implemented --- and leaves that to unelected Agency Personnel operating as subcontractors to Subcontractors.

The resulting Agency-written Administrative Code is often confusing, oppressive, and illegal as well as unlawful, but the run amok Agencies proceed to act on their own presumed authority to enforce their rules upon the members of the General Public, up to and including but not limited to Bills of Attainder, arrests, exorbitant fines and fees, and other atrocities committed against our people and their private business interests.

The courts have repeatedly rebuffed these gross practices and over-reaches, **most recently in a Supreme Court case, EPA v West Virginia, but this issue -- the lack of Agency authority -- was actually settled a hundred years ago by the Tennessee Supreme Court in another case, Shelby v Norton County.**

Our country and our people have been plagued by this deliberate mis-administration of the Territorial Congress and the so-called Federal Agencies for more than a hundred years and all of this has been done by the Municipal Corporation Subcontractors housed in Washington, DC, usurping against our lawful government in Breach of Trust and under color of law.

The criminality and lack of accountability fostered by the Agencies has led to gross reliance upon the Agencies and Agency resources, as the Territorial Congress has shoved more and more of its work off onto for-hire specialists and Agency Personnel, relying on these unelected persons to actually write the Bills and Acts that members of the Territorial and Municipal Congressional bodies sign off on without even reading the text, much less thinking about the implications of what they are doing.

We are left with the spectacle of members of Congress who truly don't know what is going on and often don't seem to care about the results of their gross negligence and dereliction of duty. Their theory appears to be, just sign it and as Nancy Pelosi said, they will find out what's in it afterward ---- presumably as complaints pour in.

This is notice that The Iowa Assembly is in session and has accepted The Iowa State Trust. Iowa is a State of the Union and a member of The Federation of States operating as The United States of America Unincorporated. We will be in continuous session for at least the next 15 years cleaning up the mess created here within the contiguous borders of Iowa by over a century of run amok unlawful and illegal activities perpetrated by incorporated entities and agents thereof.

Enclosed is a packet of Notice and Education documents designed to educate and inform government service provider employees so as to prevent confrontation and misunderstanding. Links to more information are provided as well as images of credential cards and placards identifying American State Nationals or American State Citizens. Members of The Iowa Assembly hope to be able to sit down together to discuss the materials once you've had the opportunity to review.

Also enclosed, is a copy of The Iowa Assembly Intent Fee Schedule as recorded on the public record. Any action including but not limited to trespass, inflicting injury, abuse, threat of force, or infringement of Constitutional guarantees and God given unalienable rights will be billed to the violator(s), and the associated liens will be placed upon the Corporate Entity.

Non response to this Notice within 15 calendar days of date of mail delivery establishes acquiescence.

Comprehending the three Constitutions (plural)

Each one of the three Federal Constitutions issued in 1787, 1789, and 1790 belonged to a separate Service Vendor, one American, one British Territorial, and one Holy Roman Empire. These three Federal Service Vendors are what were organized under the Constitutions and they were all just Subcontractors of our American Government.

This is one of the most overall pernicious misunderstandings. Americans don't **stand under** any Constitution. We and our States stand under The Declaration of Independence. Our State Citizens -- "We, the People" --- act as Principals and Parties to the Constitutions -- but we don't stand under them.

The three Federal Service Subcontractors are the only ones who live and breathe and depend on the Constitutions for their existence. If all the Federal Vendors fall into the sea, we, the actual Government of this country, will still be here.

The importance of the Constitutions for them is a matter of life and death and jobs and livelihoods, so our Federal Employees have always centered a great deal of attention on the Constitutions and attached great importance to them and generations of American schoolchildren have grown up influenced by this perspective.

It is inappropriate for Americans to view the world from the standpoint of our contract Service Vendors. We have to view the world from our own perspective as their Employers. We bear the responsibility for enforcing the Constitutions and their limitations on our Employees.

Other confusions include not quite understanding the various kinds of citizenship -- those forms of citizenship that are active now and those that have been active in the past.

All three Federal Service Vendors had their own citizenry.

- The original Federal Constitution issued in 1787 created our American owned and operated Service Vendor, known as the Federal Republic. Its citizens were called United States Citizens and provisions for their Naturalization were provided by the Seventh Federal Congress. **The Federal Republic has been dormant and vacated since 1860.**
- The second Federal Constitution issued in 1789 created the British Territorial Service Vendor operating as "the" United States of America. Its citizens were called U.S. Citizens and still are. Most of these people work for the military services or are dependents of military employees.
- The third Federal Constitution issued in 1790 created the Holy Roman Empire Service Vendor, which was primarily responsible for providing postal service. It operated the plenary government of the City of Washington, DC, and later the unauthorized Municipal Government. Its citizens are called "citizens of the United States" -- the same Fourteenth Amendment citizens who were required to pay war reparations for their part in the Civil War as Allies of the Confederate States of America.

These Federal Vendors are not our American Government. They are just Service Providers under contract to provide certain enumerated services and receiving certain delegate and enumerated powers to enable them to perform these duties.

The actual Government of this country is vested in the sovereign, free, and independent States. The States operate in two jurisdictions, National and International. As Nations, the States are composed of many individual Counties all joined together. In international jurisdiction, the States operate by and through their unincorporated Federation of States, doing business as The United States of America since 1776. The States were organized first and the Counties came later. The States had to be organized in international jurisdiction and the basis of the land ownership established before the soil jurisdiction -- the top 6" of the land known as the soil -- could exist.

Our current situation demands that the States be restored first for another reason. All our people were human trafficked offshore via False Registrations which reduced them to the status of foreign Persons entangled in a complex unlawful conversion and identity theft scheme.

We have to take action to overturn the False Registrations used to traffick our names and identities into the foreign jurisdictions of the sea and air, and return to our lawful and natural political status as State Nationals --- people who take their nationality from their State of the Union.

Remember --- only Americans living in the States of the Union are owed Constitutional Guarantees from our Federal Subcontractors. Only our State Citizens and our Federation of States doing business as The United States of America can enforce the Constitutional limitations on them.

Remember --- our Vendors, our Federal Employees, **have no Constitutional protections or Guarantees**, unless they are **Americans** who claim their State Natural status as one of their two allowed political status designations. All Federal citizens can function as Dual Citizens-- accepting the citizenship obligations of their Federal Employers and being free to adopt any other citizenship or national status they please.

It's because of this that many members of Congress identify themselves as U.S. Citizens who are also citizens of foreign countries like Israel or Ireland. Municipal "citizens of the United States" can do the same thing.

This is in stark contrast to our own State Citizens, who must hold a unique allegiance to their State of the Union, so as to have no conflict of interest or obligation to serve any foreign government.

The bogus legal term being blathered about and used to mislabel Americans as "Sovereign Citizens" is an oxymoron. Any fool should know that one cannot be a "Citizen" which implies duty owed to serve a government, and a "Sovereign" at the same time. This is simply not possible and people who use this verbiage are speaking in gobbledygook.

Using the term exposes complete ignorance. Second, the British Territorial United States Government established under the 1789 Constitution of the United States of America (Territorial) very clearly recognizes the States and State Citizens: Article 4, Section 2 defines "State Citizen". Also see the Government Printing Office Manual Section 5.23 "Natives of State and State Nationals" and "Domestic Aliens", which among other things lists the proper State Demyonyms --- Texans, Wisconsinites, Georgians, etc. Obviously, our Federal Employees know who we are and describe us as "**non-resident aliens**" with respect to their operations and enclaves, so there is really no excuse whatsoever for them to try to weasel around and pretend that they don't know who we are, what we are owed, and the capacities in which we act.

Here is the Naturalization Act of 1802 where the population of the Federal Republic defined as "United States Citizens" are described: Seventh Congress, Session I, Chapter 28, Sections 1-4, April 14, 1802, sets out the requirements for anyone, including people born in one of the nation states of the Union, to become a United States Citizen. See that? People born in one of the "nation states of the Union" were eligible to adopt "United States Citizenship" if they chose to do so and went through the rather arduous tests of character and resolve needed to adopt "Federal Citizenship" ---which is very, very clearly a separate political status that has to be freely chosen and acted upon and not simply inherited or conferred.

This is Public Record, there for all to see. People born in one of the nation states of the Union are not "United States Citizens" absent a specific and precise course of action consciously pursued by the individual over a period of time, allowing them to be "naturalized" into the foreign Federal Citizen political status known as "United States Citizen".

We, Americans born in one of the nation states of the Union, are not born as any form of United States Citizen, U.S. Citizen, US CITIZEN, or citizen of the United States. Americans, unlike Brits and members of the Holy Roman Empire, have no inherent, automatic citizenship obligations imposed at birth. We cannot be presumed to be "stateless" and in need of any citizenship conferred under the Territorial or Municipal authorities. Instead, Americans born in one of the nation states of the Union must choose to serve their nation state government as State Citizens or choose to serve as "United States Citizens" via a specific and purposeful course of action stipulated as the **Naturalization Act of 1802** -- or they remain free of any presumptions about their citizenship status at all.

Americans born in one of the nation states of the Union are "sovereign" in that they are naturally in possession of their native land and soil, and live in their organic State of the Union **without obligations of citizenship, that is, without service obligations to any government.** They are **non-citizens** and may therefore operate as sovereign beings. This is the crux of citizenship versus sovereignty. Someone must make the sacrifice to serve the nation states of the Union as State Citizens, or the State Governments cease to operate. Someone must make the sacrifice to serve the international government of the States, our Federation, or it ceases to operate. When needed we have always retained the right and ability to summon our nation states of the Union into Session and to conduct business for our States of the Union -- and the present instance is no different.

Legal Person Versus Lawful Person- What's It Mean?

There are exactly three (3) branches that make up the American Government:

1. The United States -- an unincorporated union of soil jurisdiction republican states which are geographically defined and populated by living people. This is our National Jurisdiction. Founded July 1, published July 4, 1776.
2. The United States of America -- an unincorporated federation of land and sea international jurisdiction States which are geographically defined and populated by Lawful Persons on the land and inhabited by Legal Persons on the sea. This is our International Jurisdiction. Founded September 9, 1776.
3. the States of America -- an unincorporated confederation of inchoate, non-physical States of States that operate in the global and municipal realm of commerce inhabited by Legal PERSONS in the Jurisdiction of the Air. This is our Global Jurisdiction. Founded March 1, 1781.

This is our government founded before and apart from any Federal Government. The Constitutions impacted only the States of America portion of our government, and had the effect of power-sharing some of the former functions of the States of America with two foreign governments --- Britain and the Holy Roman Empire, acting under solemn trust agreements. We also learned that the interface between Lawful Persons and Legal Persons is in the International Jurisdiction, and that the boundary between Lawful Persons on the land and Legal Persons on the Sea is an invisible barrier called "the bar" or "the corporate veil". This is in a legal sense, the "veil" between life and death, as Lawful Persons are deemed to be alive, and Legal Persons are deemed to be fictional and dead.

We have dealt at some length with the fact that all Lawful Persons are unincorporated. We have also observed that Lawful Persons can be "corporate" though not "incorporated" --- for example, an unincorporated Mom and Pop business called "Bill's Bicycle Shop" is "corporate" but not incorporated. All Lawful Persons everywhere stand on the living side of the corporate veil and on the land and soil of their respective countries. Now we come to the obverse, the mirror image, of the Lawful Person --- the Legal Persons inhabiting the international jurisdiction of the sea and the airy realms of the global municipal jurisdiction. Legal Persons can be Corporate or Incorporated, but they are never totally unincorporated. They always derive their "personhood" from some other entity and have no basis to exist on their own.

Lawful Persons and the people they represent have a quality of independent being that Legal Persons always lack. A Legal Person does not exist on land, except as a temporary sojourner called an "inhabitant" and they are not considered to be part of the "population" because they are not one of the "people". The realm in which they operate-- the work they do for the most part-- obligates them to operate in the reduced capacity of a "thing", a dead legal fiction, and it also obligates them to live under either the international jurisdiction of the sea and its laws, or the global jurisdiction of the air and its commercial laws.

Land Law and National Law (Soil Jurisdiction Law) do not apply to Legal Persons. **Statutes, Codes, and Regulations apply to Legal Persons. A statute is not a law.** It is evidence of a law and that law is the "law" of private contract. One becomes a Legal Person instead of a Lawful Person by subjecting oneself to a foreign sovereign, by enfranchising oneself to a commercial corporation, by registering oneself as property of a commercial corporation, or by other acts creating a presumption of obligation to act in the capacity of a Legal Person. A Lawful Person can only be "converted" into a Legal Person as a result of such a private contract. Obviously, this could be an employment contract, as when one accepts a Federal Civil Service job or a job in the US Military. It could be an application for political asylum "in the United States", or an application for unearned Federal Welfare benefits, an application for a Driver License, a US (as opposed to USA) passport, or a voter registration. It could in some instances also be a contractual condition by birth, as when someone is born in Puerto Rico or Washington, DC. Or, such an obligation could arise as the result of incorporating a business as a United States commercial corporation. For insight into the current situation, we are all born as Lawful Persons on the land and soil of our respective States, and we are supposed to be protected by the most sacred bonds of

international trust and treaty and commercial obligation ---- but a ruse and an excuse has been used to "pretend" that you are a Legal Person instead, and resultantly, owed none of the protections of these treaties, trusts, and commercial contracts. The ruse goes back to the Civil War and the Federal Government' practice of calling "States of States" ' --- commercial corporations --- "States", as in "Confederate States". They even go so far as to call it "The War Between the States" ---- but no actual States were involved.

All the entities involved in the so-called American Civil War, both North and South, were **commercial corporations** --- States of States, and whether they knew it or not, all those engaged in that horrific conflict were acting as Legal Persons. Those who have undertaken this giant fraud against the People of this country have pretended that those long-vanquished commercial corporations were in fact our States, but they were not. They have also pretended that we, 150 years later, are still combatants acting as Legal Persons and Mercenaries of either the States of America or the Confederate States of America. Either way, it's total baloney and it's part of what we have to address as actual State Assemblies today.

As a result of the foregoing false presumptions being held against us at birth, the United States Military controlled by the British Territorial United States Government has made sure that a false record of assumed contract has been created for each and every one of us: the Birth Certificate. This is the first and primary evidence against us, suggesting that we are from birth "United States Citizens" or rather, that we were "volunteered" into that political status by our unwary Mothers. However, in order to make this legal the perpetrators also had to record the actual event of your birth, so that both your actual birthday and the birthdate of the Legal Person they created in your name appear on the same document, giving evidence of an unconscionable contract. You were only a few days or weeks old when this "unlawful conversion" of your political status from Lawful Person to Legal Person took place. You could not possibly engage in any such assumption of contractual obligation on your own, so your Mother was coerced under conditions of non-disclosure and color of law to do it "for" you.

After that, a number of adhesion contracts were foisted off on you, all under color of law, all without full disclosure. You were told that you had to sign up for a Social Security Account and get a Social Security Number before you could have a job. (**True only if you were seeking Federal Employment.**) You were told that you had to "register" to Vote, but you weren't told that doing so would surrender all your labor and private property rights to the commercial corporation hosting those elections. You were told that you had to similarly "register" your "vehicle" and get a Driver License, too. These various applications and registrations -- all induced under color of law and threat of force as adhesion contracts-- are added to the Birth Certificate information to create evidence that you are voluntarily contracting with these commercial corporations and choosing to live your life as a Legal Person instead of as a Lawful Person.

Legal Persons are dead, legal fiction entities. They have no rights or guarantees. When you, a Lawful American State National or American State Citizen go out and "cross the bar" into the International Jurisdiction of the Sea, the British Monarch is obligated to protect you, but a Legal Person has no such protections. When you, a Lawful American State National or American State Citizen, create a commercial corporation to do business for you in the realm of commerce, the Pope is obligated to protect that, too, but a Legal Person has no such claim upon the Holy Roman Empire. People and their Lawful Persons are born. Persons are birthed. People have their genesis in physical actuality, in land and soil and water. Persons have their genesis in the realm of thought, office, and employment. People are created by the union of flesh and the mystery of creation. Persons are created by statutes, which are contracts, by applications, registrations, enfranchisement, and so on. People live on the land and soil. Persons sail on the sea and in the air.

If you read the Federal Constitutions you will see the statute (contract) creating Federal Legal Persons known as "United States Citizens" ' and "Citizens of the United States" in Article 1, Sections 2 and 3, respectively. These Legal Persons are created when someone accepts employment from the Federal Government, or when one "volunteers" ' to serve the Federal Government in some capacity --- like "Withholding Agent " or "Voter ". These Legal Persons, like all other Legal Persons, are not Parties to the Federal Constitutions and are not able to

access their protections and guarantees. Rather, they are subject to the Federal Constitutions, meaning that they must honor and obey and fulfill and perform the duties and responsibilities that go along with the right to exercise the delegated Powers of the People of the land jurisdiction States.

You can see now how "redefining" our Lawful Persons as Legal Persons strips us of protections and guarantees and services and assets we are owed and gives us nothing in return. You can also see that as Lawful Persons operate on the land and soil, and Legal Persons operate in the sea and air, that redefining you as a Legal Person results in kidnapping you from your original birthright jurisdiction on the land and soil and trafficking you into a foreign jurisdiction of the law without your knowledge or consent. You can also see that this is happening right under the noses of your own employees and the international trustees, both the Queen and the Pope, who are under obligation to protect you, and that they are excusing both their action and inaction by "mistaking on purpose" the difference between the Legal Persons and the Confederation of States of States that took part in the Civil War and the People populating the actual States of this country then and now.

The fraud against us has been institutionalized over the past hundred years and those operating it have grown fat on the theft of our assets, the plundering of our credit, and the sale of our labor. And it all hinges on this unlawful conversion of our Lawful Persons into Legal Persons and this false pretense that Confederation "States of States" --commercial corporations-- are the same as our physical States of the Union. The Queen, the Pope, the various Presidents, the members of Congress, the US Military and other parties are all guilty of Gross Breach of Trust, conspiracy against the Constitutions, and worse. This has all been practiced against us under color of law and conditions of non-disclosure, fraud, and deceit.

The division between Lawful Persons and Legal Persons also results in the necessity of **two court systems and two completely different sets of law.** Our Lawful Persons are owed American Common Law, Public Land Law, and Organic Law. We are now in the process of fully restoring our Courts to provide the services we need for ourselves and to enforce the Public Law, including the Constitutions. Legal Persons function solely under Statutes, Codes, and Regulations, all forming a type of private law based on private contracts with other Legal Persons, including commercial corporations. Legal Persons are limited to functioning in the jurisdiction of the sea and the air, with the result that such legal fiction entities can only create more legal fiction entities as franchises owned by the same foreign sovereignty that claims ownership of the Legal Persons. Lawful Persons can issue charters to both corporate and incorporated entities.

To overcome the legal presumption that you are voluntarily choosing to act and live as a Legal Person and to regain protections owed to your Lawful Person and to assert your identity as one of the People and to operate as such, **it is necessary to create superior evidence rebutting their evidence to the contrary.** Creating the superior evidence that you are choosing to act as a Lawful Person is the entire purpose of creating and recording the paperwork which The Living Law Firm has developed. Although you might choose to work for the Federal Government in some capacity during your lifetime, you should be aware that doing so obligates you to operate as a Legal Person and deprives you of rights and saddles you with duties that you would not have otherwise. It is also important to know that upon severance or retirement from such duties, it is necessary to give your former employers Notice that you are leaving Federal Service and returning to your permanent home and domicile on the land and soil of your State. This should be done in a formal but simple way, just stating the facts, sent to your former federal employer and to the Social Security Administration or Military Pension Office, etc., via Registered Mail, Return Receipt Requested. This precludes any possible misunderstanding or pretense on their part that you are continuing to serve as a Legal Person in any quasi-military volunteer status.

All of this needs to stop, and all of this can be stopped once the actual American People stand up, shake off the dust and the lies, and assume their duty posts as American State Nationals and American State Citizens --- Lawful Persons owed every jot of the Constitutions and Treaties.

Notice of Capacity and Standing on Iowa

The Iowa Assembly is in session and by Law, the Iowa State Trust collapses and returns to the oversight and lawful possession of the presumed donors. Because all living men and women on the land and soil of Iowa will benefit when Common Law Courts are widely available, we request and expect all Agencies, Companies and Government Services Corporations, their subcontractors, franchises, agents and affiliates to swiftly accommodate this notice, as well as the directives that will periodically follow, in an effort to maintain the peace and prosperity of our State and the right to self-govern owed to every man and woman.

It is required that the MUNICIPAL and Territorial courts come under the Public Law. As a result of being fully informed through this notice, re-education and reorganization must occur within the corporate structure to adhere to Public Law, otherwise the corporation will be liquidated. The MUNICIPAL and Territorial courts should not be attempting to contract or address any American in any way, and are required to provide pass through service to all publicly declared Americans.

Be advised that The Iowa Assembly is here to build bridges to work with you to come under the Public Law. We look forward to working with you as each man and woman makes their own free will choice moving forward. Please see:

Be advised that all world governments have been fully funded since 1941. Julius Shiva is the richest man in the world, and he has dedicated his wealth to the people of the Earth to live in the Doctrine of Abundance. If there is any doubt in your mind as to the true wealth, this is just one primary account out of dozens. There are over 5000 secondary accounts and literally billions of individual personal accounts.

We realize that when faced with the history and enormity of the fraud that has taken place over the last 160 years in particular, but also prior millennia, that a natural reaction is one of fear. We encourage you to watch this informative presentation on walking through your fear:

Americans Keep the Peace and Uphold the Public Law. We report crime. We let our yes be yes and our no be no. We are fiduciaries operating under the Prudent Man Standard. We claim our assets and our property. We claim our Reversionary Trust Interest. We claim our Regulation Z remedies. We have declared Peace in America.

The Iowa Assembly looks forward to a bright future for our State, our Country, and our World.

International Peace Proclamation

To all whom these presents come: this Proclamation provides explicit and official International Notice that Peace has been Declared by and among the Union States of the States of America and Federation States of the Union, in receipt of the authorities of the former Confederate States, in the matter of The American Civil War. All jurisdictions and instrumentalities must comply. All Federal, Territorial, and Municipal Officers, including all Uniformed Officers, must comply.

It is required that all hostilities related to The American Civil War being conducted as a Mercenary Conflict in International and Global Jurisdictions and having been maintained for 156 years by our foreign Subcontractors, must cease and desist without further Legal Presumption of Authority.

With this Public Announcement all Executive Orders issued during and as a result of The American Civil War are set aside effective at midnight the first of August in the year of 2021.

All Medical Officers and all General Staff and Reserve and Retired elements of the American Armed Forces, U.S. Armed Forces, UNITED STATES ARMED FORCES, US ARMED FORCES, Hospital Corps, MEDICAL UNITS, Veterans Administration, United States Department of Defense, UN Peacekeepers, DOD Officers, NATO Officers on shore, all elected, appointed, or promoted personnel and their dependents, are required to cease and desist all gene therapy extinction protocols, coerced injections, mask mandates, and similar measures being promoted by the Territorial and Municipal United States Governments in Breach of Trust and under False Presumptions of War. All peacekeeping officers and police officers are fully informed.

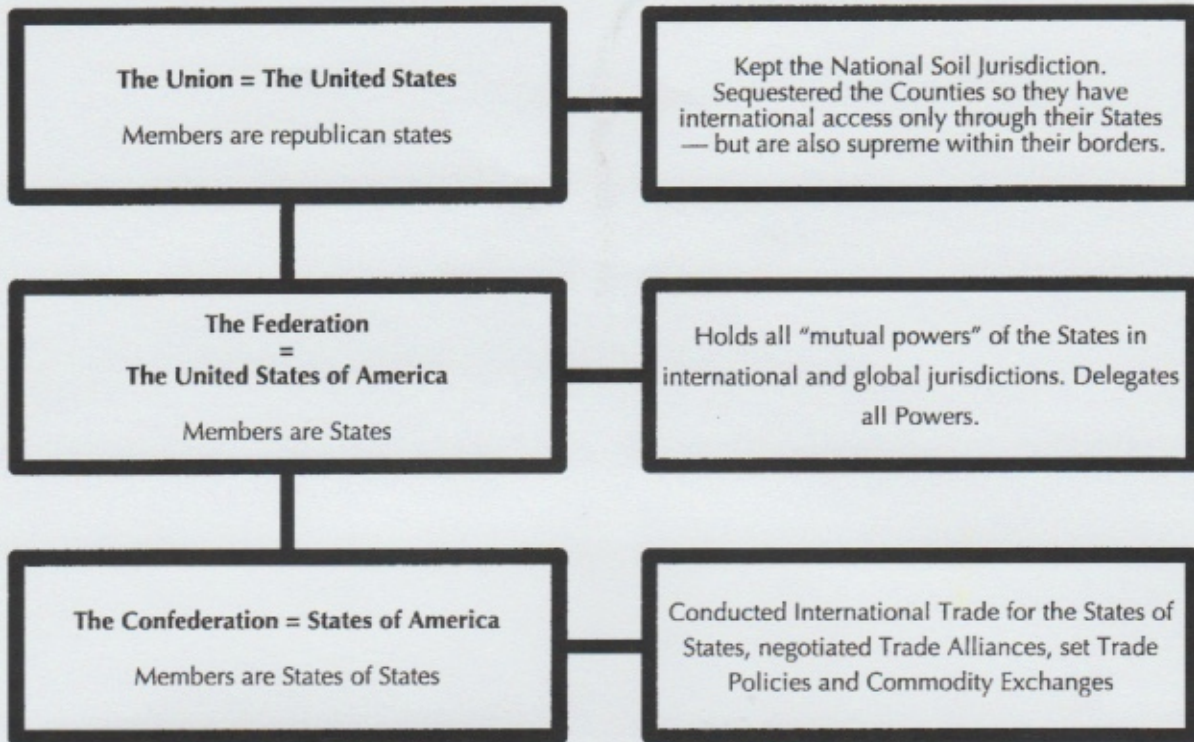

There are no allowable exceptions and no other Powers extended. So said, so signed, and so sealed this first day of August in the year of 2021 by:

The American Government

Please Notice These Facts:

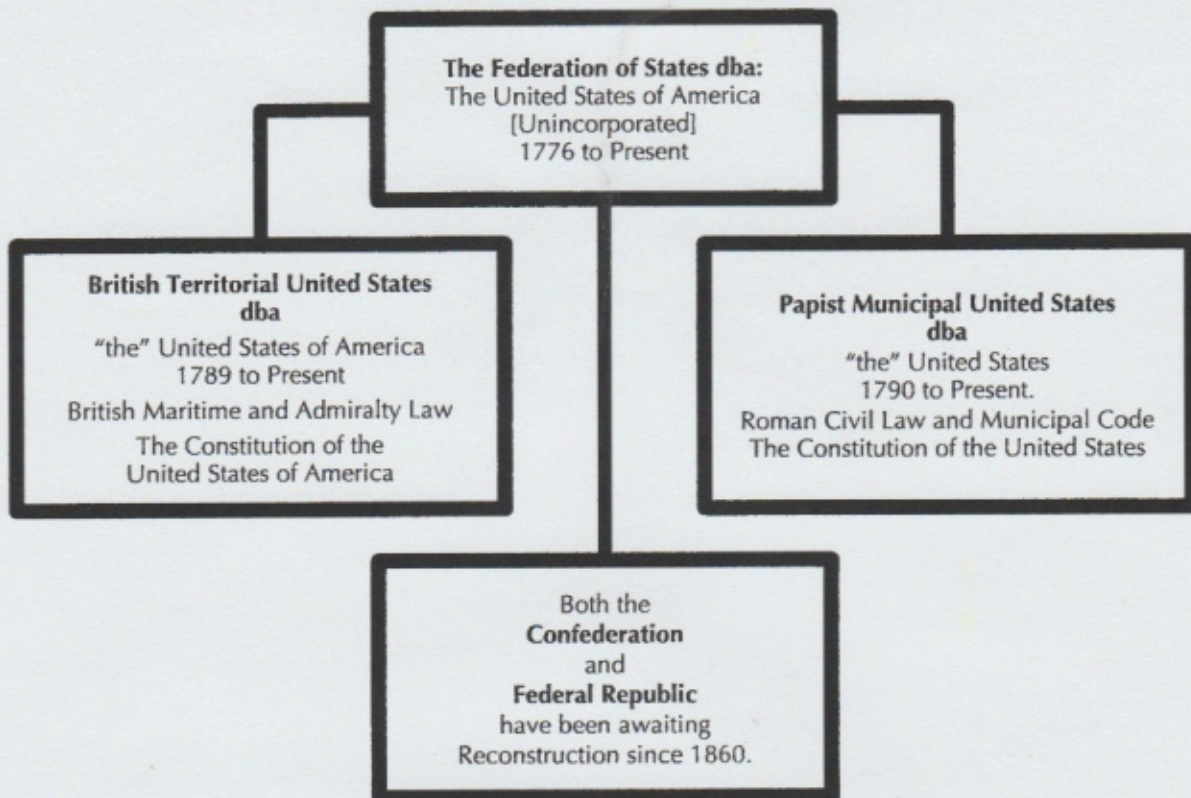

1. Our republican states of the Union exist at the level of our National Soil Jurisdiction in each county and taken all together the counties comprise The United States.
2. Our counties have no access to International Jurisdiction except via their State of the Union.
3. The United States delegates power to the Federation of States and People operating in the International Jurisdictions of Land and Sea and Air: The United States of America.
4. Observe that The United States of America functioned for five years on its own, in all foreign jurisdictions, from 1776 to 1781, and is competent to do so again.
5. None of these elements of our American Government are based on any "constitution" — they exist because of The Declaration of Independence, which is the Foundation of all else that follows.
6. The Confederation ceased to function in 1860 when it lost the quorum necessary to conduct business.
7. All powers exercised by the Confederation on behalf of the American States and People returned to the Federation by Operation of Law in 1860.
8. The United States of America, our unincorporated Federation of States was and is and remains our fundamental instrumentality to conduct both international and global business.
9. Our Federation has been at peace since 1814. It flies its own Civil Peacetime Flag.

The Federal Government

Please Notice These Facts:

1. When the Confederation ceased to function in 1860, so did the Federal Republic, which was an instrumentality of the Confederation.
2. Neither the Confederation nor the Federal Republic could function during the Civil War, even though the member State of State organizations formed separate "confederacies" — one for the North, calling itself "the" Union, and one for the South, calling itself The Confederate States of America.
3. After the hostilities ended in 1865, The United States of America was not called into Session even though it is the only entity able to reconstruct both the Confederation and the Federal Republic — and also the only one competent to conduct business in their absence.
4. This error has now been corrected.
5. All fifty States of the Union have been called into Session.
6. All Americans are called to join their State Assemblies.

Please Notice These Facts:

1. A third of the actual American Government, our American Confederation, has been inoperable since 1860.
2. A third of our intended Federal Government, the American portion, has been inoperable since 1860.
3. The remaining foreign-operated Federal Subcontractors usurped upon the powers of our missing American Subcontractor and continued to operate on "an emergency basis" and they invoked non-existent unauthorized "emergency powers" to do so.
4. All of this is pure fraud, because all the powers delegated to the Confederation and the Federal Republic returned by Operation of Law to our unincorporated Federation of States doing business as The United States of America.
5. The Scottish Bunko Artists came in and supplanted our unincorporated Federation at the time by (a) attacking the leadership of the Federation, forcing them to flee, and (b) secretly substituting their own commercial corporation doing business as "The United States of America" — Incorporated, for our Federation of States.
6. In this way, they stole our identity, impersonated us, and gained access to our credit by fraud and misrepresentation.

The Three Branches of The American Government

Created by the agreement known as "The Unanimous Declaration of Independence of the united States of America", 04 July 1776, these **unincorporated** "states" were the original geographically defined "estates" formed by the United Colonies. They are guaranteed a "republican form of government". Together, they formed - a Union, a Federation, and a Confederation:

Authority Flows From Left to Right and From Above to Below

The Three Branches of the Federal (Contract) Government

The 18 Enumerated Services of our Sovereign Government above were delegated to three Governmental Service Contractors below. With three "Constitutions", they form the three branches of the Federal (Contract) Government - an American (Unincorporated), a Territorial (Incorporated), and a Municipal (Incorporated):

The take-home message to you as an American is that you are most likely in the right church, but in the wrong pew. You have, most likely, been mis-identified as a **Federal Citizen** and not counted as an **State National** or **State Citizen**. Federal Citizenship is created by the Constitution(s) and therefore, **Federal Citizens** are not Parties to the Constitutions and have **no constitutional guarantees** - only "Equal Civil Rights" that

can be suspended if you want to claim your "Natural and Unalienable" rights and property. You have to **declare** and record your political status as an American State National or American State Citizen (that is, a Member of your State Assembly) and you **cannot act as any kind of Federal United States Citizen at the same time** as you participate in your **State Assembly**. The additional message is that a large portion of your

government has been "missing in action" and awaiting "Reconstruction" since the Civil War. This work can only be accomplished by properly organized State Assemblies populated by American State Citizens. Go to The American States Assemblies (TASA) website tasa.AmericanStateNationals.org. Reclaim your birthright and come back home "with standing" on the land and soil of America once again!

STATUTES ARE NOT LAW:

This NOTICE is a just and modest self defense for any people and well below the precedent set by James C. Trezevant v City of Tampa wherein the damages established were at \$25,000 for 23 minutes of unlawful detainment. That remedy calculates to more than \$1.5 million per day.

US. SUPREME COURT DECISION - The common law is the real law, the Supreme Law of the land, the code, rules, regulations, policy and statutes are "not the law", [Self v. Rhay, 61 Wn (2d) 261]

STATUTE. [Blacks law 4th edition]: The written will of the legislature, solemnly expressed according to the forms prescribed in the constitution; an act of the legislature.

People v. Ortiz, (1995) 32 Cal.App.4th 286. "A statute does not trump the Constitution."

Bennett v. Boggs, 1 Baldw 60, "Statutes that violate the plain and obvious principles of common right and common reason are null and void."

RIGHTS TRUMP STATUTES—FORCED LICENSING AND REGISTRATION OF A NON-COMMERCIAL VEHICLE USED FOR TRAVEL IS UNCONSTITUTIONAL:

Dunn v. Blumstein, 405 U.S. 330, 92 S Ct 995, 31 L Ed 2d 274. [5 U.S. Dig, Constitutional Law, and 101.5: "The RIGHT TO TRAVEL is an unconditional personal right whose exercise may NOT be conditioned."

People v. Battle: "Persons faced with an unconstitutional licensing law which purports to require a license as a prerequisite to exercise of right... may ignore the law and engage with impunity in exercise of such right."

Supreme Court Ruling [Miller vs. U.S., 230 F. 486, 489] "The claim and exercise of a constitutional Right cannot be converted into a crime."

Shuttlesworth v. City of Birmingham, Alabama, 373 U.S. 262 (1963): "If the State converts a right (liberty) into a privilege, the citizen can ignore the license and fee and engage in the right (liberty) with impunity."

19 Cal.Jur. 54, § 407: "The streets of a city belong to the people of the state, and the use thereof is an inalienable right of every citizen..."

In *Hertado v. California*, 110 US 516, the U.S Supreme Court states very plainly: "The state cannot diminish rights of the people."

Bouvier's Law Dictionary, 1914, p. 2961: "Those who have the right to do something cannot be licensed for what they already have right to do as such license would be meaningless."

Caneisha Mills v. D.C. 2009: "The use of the automobile as a necessary adjunct to the earning of a livelihood in modern life requires us in the interest of realism to conclude that the RIGHT to use an automobile on the public highways partakes of the nature of a Liberty within the meaning of the Constitutional guarantees. . ."

The proof that my activity of public vehicular travel is, by law, a common right and not at all a privilege, is overwhelming in the eyes of all but the morally bankrupt, criminally insane and irretrievably corrupt. The law, state and municipal, foreign and domestic, is virtually replete with this framework which recognizes outright, and therefore duly protects, my right to engage in public vehicular travel and to not be subjected to any privilege code as Washington has in its RCW 46. One needn't trek into distant enactment of 1961 to find this expression in WA Sessions Laws:

"AN ACT Relating to the definition of "county engineer"; and amending RCW 36.75.010. BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 36.75.010 and 1984 c 7 s 26 are each amended to read as follows:

(4) "City street," every highway or part thereof, located within the limits of incorporated cities and towns, except alleys;

(6) "County Road," every highway or part thereof, outside the limits of incorporated cities and towns and which has not been designated as a state highway;

(11) "Highway," every way, lane, road, street, boulevard, and every way or place in the state of Washington open as a matter of right to public vehicular travel both inside and outside the limits of incorporated cities and towns."

—Laws of Washington state 2005, House Bill 1599, passed by the House March 11, 2005, Yeas 93 and Nays 0, passed by the Senate April 12, 2005, Yeas 44 and Nays 0. Approved April 22, 2005, C. Gregoire, Governor of the State of Washington; FILED April 22, 2005 - 4:12 p.m., Secretary of State, State of Washington. Effective date July 24, 2005.

SHAPIRO vs. THOMSON, 394 U. S. 618 April 21, 1969. Further, the Right to TRAVEL by private conveyance for private purposes upon the Common way can NOT BE INFRINGED. No license or permission is required for TRAVEL when such TRAVEL IS NOT for the purpose of [COMMERCIAL] PROFIT OR GAIN on the open highways operating under license IN COMMERCE. "The rights of the individuals are restricted only to the extent that they have been voluntarily surrendered by the citizenship to the agencies of government."

SOUTHERN PACIFIC TRANSPORTATION COMPANY, Petitioner, v. PUBLIC UTILITIES COMMISSION, Respondent. S.F. 23217. Decided: November 23, 1976: Obviously, administrative agencies, like police officers (People v. Cahan (1955) 44 Cal.2d 434, 437, 282 P.2d 905, (former Pen.Code, s 653h 'could' not authorize violations of the Constitution)), must obey the Constitution and may not deprive persons of constitutional rights.

SCREWS v. U.S., 325 U.S. 91 (1945) Page 325 U. S. 105 "violates the statute not merely because he has a bad purpose, but because he acts in defiance of announced rules of law. He who defies a decision interpreting the Constitution knows precisely what he is doing. If sane, he hardly may be heard to say that he knew not what he did. Of course, willful conduct cannot make definite that which is undefined. But willful violators of constitutional requirements, which have been defined, certainly are in no position to say that they had no adequate advance notice that they would be visited with punishment.

Davidson v. Dill, 180 Colo. 123, 503 P.2d 157 (1972): Absent legislative action, judicial control may be imposed to protect a citizen from what might develop upon its facts to be an unconstitutional invasion of his right of privacy.

Bacahanan vs. Wanley, 245 US 60 "The police power of the state must be exercised in subordination to the provisions of the U.S. Constitution."

Tiche vs. Osborne, 131 A. 60: "It is well settled that the Constitutional Rights protected from invasion by the police power, include Rights safeguarded both by express and implied prohibitions in the Constitutions."

Brookfield Const. Co. v. Stewart, 284 F. Supp. 94. "An officer who acts in violation of the Constitution ceases to represent the government." U.S. v. Woodward, 149 F.3d 46, 57 (1st Cir. 1998) (relying upon the court's earlier decision in U.S. v. Sawyer, 85 F.3d 713, 724 (1st Cir. 1996). In Scheuer v. Rhodes, 416 U.S. 232, 248-9 (1974), the Supreme Court rejected a claim of absolute immunity for state executive officers under 42 U.S.C. 1983. Graham v. Connor, 490 U.S. 386, 109 S.Ct. 1865 (1989): (claims that law enforcement officials have used excessive force in the course of a "seizure" of a person are more properly characterized as invoking Fourth Amendment protection and must be judged by reference to Fourth Amendment "reasonableness standard").

OWEN v. CITY OF INDEPENDENCE, 445 U.S. 622 (1980): A municipality has no immunity from liability under 1983 flowing from its constitutional violations and may not assert the good faith of its officers as a defense to such liability. Pp. 635-658

U.S. v. Jannotti, 673 F.2d 578, 614 (3d Cir. 1982) "There is no crueler tyranny than that which is exercised under cover of law, and with the colors of justice ..." Griffin v. Maryland, 378 U.S. 130 (1964): "If an individual is possessed of state authority and purports to act under that authority, his action is state action. It is irrelevant that he might have taken the same action had he acted in a purely private capacity or that the particular action which he took was not authorized by state law."

10 Co. 77; Dig. 2. 1. 20; Story, Confl. Laws ' 539; Broom, Max. 100, 101: "One who exercises jurisdiction out of his territory cannot be obeyed with impunity."

Bell v. Wolfish, 441 U.S. 520 (1979) Fourth Amendment protects the 'right of the people to be secure in their persons . . . against unreasonable searches and seizures.' The essence of that protection is a prohibition against some modes of law enforcement because the cost of police intrusion into personal liberty is too high..?

United States v. Lee, 106 U.S. at 220, 1 S. Ct. at 261 (1882). Also see: "No officer of the law may set that law at defiance with impunity. All the officers of the government from the highest to the lowest, are creatures of the law, and are bound to obey it."

Rizzo v. Goode, 423 U.S. 362 (1976): The employer's liability is documented proof of an "affirmative link" between the conduct of the employers and the constitutional and statutory deprivation.

Act March 3, 1875, 18 Stat. 470. Butz v. Economou 438 U.S. 478, 98 S.Ct. 2894 (U.S.N.Y., 1978): Purpose of statute that mandated that any person who under color of law subjected another to deprivation of his constitutional rights would be liable to the injured party in an action at law was not to abolish immunities available at common law, but to insure that federal courts would have jurisdiction of constitutional claims against state officials.

Paquete Habana, 189 U.S. 453, 465, 23 S. Ct. 593; O'Reilly de Camara v. Brooke, 209 U.S. 45, 52, 28 S. Ct. 439; Dodge v. United States, 272 U.S. 530, 532, 47 S. Ct. 191; When these unlawful acts were committed they were crimes only of the officers individually. The government was innocent, in legal contemplation; for no federal official is authorized to commit a crime on its behalf. When the government, having full knowledge to avail itself of the fruits of these acts in order to accomplish its own ends, it assumed moral responsibility for the officers' crimes. Fond du Lac County v Mentzel, Wisc App 1995, 536 NW2d 160, 195 Wisc 2d 313: The burden of constitutionality shifts to the government where its action interferes with the exercise of 1st Amendment Rights.

Cox v. Prince George's Co, 460 A.2d 1038 (Md 1983): In reversing lower court, court finds county can be liable for intentional acts of police officers. G.K. ALAN ASSOC., INC v LAZZARI, 44 AD3d 95, 101 [2d Dept 2007]: "The faithless agent rule thus is founded upon the agent's duty of loyalty to the principal."

HOFFA v. UNITED STATES, 385 U.S. 293, at 301 (1966). "... no interest legitimately protected by the Fourth Amendment is implicated by governmental investigative activities unless there is an intrusion into a zone of privacy, into 'the security a man relies upon when he places himself or his property within a constitutionally protected area.'"

Federal Civil Enforcement - "Police Misconduct Provision", This law makes it unlawful for State or local law enforcement officers to engage in a pattern or practice of conduct that deprives persons of rights protected by the Constitution or laws of the United States.

(42 U.S.C. 14141), Cause of Action (A)(B)- makes it unlawful for state or local law enforcement agencies to allow officers to engage in a pattern or practice of conduct that deprives persons of rights protected by the Constitution or U.S. laws commonly referred to as the

Police Misconduct Statute. The United States is authorized to initiate a civil investigation

into allegations regarding systemic violations of the Constitution by law enforcement agencies. As stated above, the investigation of OCSO is focused solely on an alleged pattern or practice of excessive force in OCSO's ECW use.

In *Graham v. Connor*, 490 U.S. 386, 394-95 (1989), the Supreme Court held that claims of excessive force are to be judged by Fourth Amendment standards. See also *Kesinger v. Herrington*, 381 F.3d 1243, 1248 (11th Cir. 2004); *Garrett v. Athens-Clarke County*, 378 F.3d 1274, 1279 - things to be seized.

*Greenwood v Peacock* (1966) 384 US 808, 16 L Ed 2d 944, 86 S Ct 1800. Persons who are denied rights guaranteed to them under federal law may vindicate these rights in appropriate cases by various remedies in federal courts, such as direct review by United States Supreme Court, obtaining injunction or habeas corpus, bringing suit for damages under 42 USC 1983, or invoking criminal sanctions under 18 USC 241, 242.

#### Right to Travel

DESPITE ACTIONS OF POLICE AND LOCAL COURTS, HIGHER COURTS HAVE RULED THAT AMERICAN CITIZENS HAVE A RIGHT TO TRAVEL WITHOUT STATE PERMITS (I.E. LICENSE PLATES, DRIVER'S LICENSE, REGISTRATION AND CAR INSURANCE).

#### Common Law Right to Travel:

1. "The RIGHT TO TRAVEL is an unconditional personal right whose exercise may NOT be conditioned." - *Dunn v. Blumstein*, 405 U.S. 330, 92 S Ct 995, 31 L Ed 2d 274. [5 U.S. Dig, Constitutional Law, and 101.5, Right of interstate of international travel.]

2. TRAVEL IS NOT A PRIVILEGE REQUIRING LICENSING, VEHICLE REGISTRATION, OR FORCED INSURANCE." - *Chicago Coach Co. v. City of Chicago*, 337 Ill. 200, 169 N. E. 22.

3. NO LICENSE IS REQUIRED OF THE NATURAL INDIVIDUAL TRAVELING FOR PERSONAL BUSINESS, PLEASURE AND TRANSPORTATION." - *Wingfield v. Fielder* 2d Ca. 3d 213 [1972]

4. Article v. Amendment "The RIGHTS of the Citizen TO TRAVEL upon the public highways and to transport his/her property there on by carriage or automobile, is NOT a mere privilege, which a city (or state) may prohibit or permit at will, but a Common Right, which he/she has under the RIGHT TO LIFE, LIBERTY, AND THE PURSUIT OF HAPPINESS. *Thompson v. Smith*

LEGALESE TERMS PERTAINING TO COMMERCE ON ROADWAYS AS DEFINED IN  
BLACK'S LAW DICTIONARY & BOUVIER'S DICTIONARY.

"TO DRIVE" is to go on the roads by a motorized conveyance doing business or being engaged in commerce, and it is a privilege. "To travel", on the other hand, is a right, and no legislation can be passed to strip you of your fundamental, inherent rights.

DRIVER, is one employed in conducting a coach, carriage, wagon, or other vehicle, with horses, mules, or other animals, or a bicycle, tricycle, or motor car, though not a street railroad car. See Davis v. Petrinovich, 112 Ala. 654, 21 South. 344, 36 L. R. A. 615; Gen. St. Conn. 1902.

"LICENSE" In the law of contracts. A permission, accorded by a competent authority, conferring the right to do some act which without such authorization would be illegal, or would be a trespass or a tort. State v. Hipp, 38 Ohio St. 220; Youngblood v. Sexton, 32 Mich. 406, 20 Am. Rep. 054; Hubman v. State, 61 Ark. 4S2. 33 S. W. 843; Chicago v. Collins, 175 111. 445. 51 N. E. 907, 49 L. R. A. 40S, 67 L. R. A. 224.

\* DRIVER'S LICENSE is a permission granted by the STATE to DRIVERS of MOTOR VEHICLES conducting business on public roadways, highways, byways, etc.

\* A "PASSENGER" is a rider on a train, bus, airline, taxi, ship, ferry, automobile, or other carrier in the business of transporting people for a fee (a common carrier).

"TRAFFIC" (Bouvier's 1856) is commerce, trade, sale or exchange of merchandise...the passing of good or commodities from one person to the other for the equivalent in goods or money. It's commercial, the movement of passengers or commodity in exchange for compensation. "TRAFFIC" is therefore COMMERCE, therefore a "TRAFFIC VIOLATION" can only be committed by a MOTOR VEHICLE engaged in COMMERCE.

"MOTOR VEHICLE" or "VEHICLE" includes every description of carriage or other artificial contrivance used, or capable of being used, as a means of transportation on land. Rev. St. U. S. 5 4 (U. S. Comp. St 1901, P. 4).

[For most states not fraudulently altering their definitions to hide the truth, a "motor vehicle" is STILL defined as a COMMERCIAL vehicle, as you see here for California, as one CURRENT example:

Vehicle Code - VEH

DIVISION 1. WORDS AND PHRASES DEFINED [100 - 681] ( Division 1 enacted by Stats. 1959, Ch. 3. ) 260.

A "commercial vehicle" is a motor vehicle of a type required to be registered under this code used or maintained for the transportation of persons for hire, compensation, or profit or designed, used, or maintained primarily for the transportation of property.

Passenger vehicles and house cars that are not used for the transportation of persons for hire, compensation, or profit are not commercial vehicles. This subdivision shall not apply to Chapter 4 (commencing with Section 6700) of Division 3.]

"TRANSPORTATION" is the removal of goods or persons from one place to another, by a carrier. See *Railroad Co. v. Pratt*, 22 Wall. 133, 22 L. Ed. 827; *Interstate Commerce Coin'n v. Brimson*, 154 U. S. 4 17. 14 Sup. Ct. 1125, 38 L. Ed. .1047; *Gloucester Ferry Co. v. Pennsylvania*, 114 U. S. 100, 5 Sup. Ct. S26, 29 L. Ed. 158.

"COMMON CARRIER" is a carrier that is generally required by law to transport passengers...or freight, without refusal, if the approved charge of fare is charged."

"PERSONS" are men considered by their rank in society, with all their rights to which the place he holds entitles him, and the duties which it imposes him. (Bouvier's law.) A PERSON by statute claim is a firm, corporation, associations, labor organization, partnership, legal representatives, trustees, trustees in bankruptcy, or receivers (i.e. the legal fiction.). I am a PRIVATE PERSON, not the incumbent of an office.

Cases Void For Fraud. Fraud consists of some deceitful practice or willful device, resorted to with intent to deprive another of his right, or in some manner to do him an injury. As distinguished from negligence, it is always positive, intentional. *Maher v. Hibernia Ins. Co.*, 67 N. Y. 292; *Alexander v. Church*, 53 Conn. 501, 4 Atl. 103; *Studer v. Bleistein*. 115 N.Y. 31G, 22 X. E. 243, 7 L. R. A. 702; *Moore v. Crawford*, 130 U. S. 122, 9 Sup. Ct. 447, 32 L. Ed. 878; *Fechheimer v. Baum (C. C.)* 37 Fed. 167; *U. S. v. Beach (D. C.)* 71 Fed. 160; *Gardner v. Ileartt*, 3 Denio (N. Y.) 232; *Monroe Mercantile Co. v. Arnold*, 108 Ga. 449, 34 S. E. 176. Fraud, as applied to contracts, is the cause of an error bearing on a material part of the contract, created or continued by artifice, with design to obtain some unjust advantage to the one party, or to cause an inconvenience or loss to the other. Civil Code La. art. 1S47. Fraud, In the sense of a court of equity, properly includes all acts, omissions, and concealments which involve a breach of legal or equitable duty, trust, or confidence justly reposed, and are injurious to another, or by which an undue and unconscientious advantage is taken of another. 1 Story, Eq. Jur.

§ 7 TITLE 50, APPENDIX—WAR AND NATIONAL DEFENSE Page 18 .....of, or for the benefit of an enemy or ally of enemy have any right or remedy against the debtor, obligor, or other person liable to pay, fulfill, or perform the same unless said assignment, indorsement, or delivery was made prior to the beginning of the war or shall be made under license as herein provided, or unless, if made after the beginning of the war and prior to the date of passage of this Act [Oct. 6, 1917], the person to whom the same was made shall prove lack of knowledge and of reasonable cause to believe on his part that the same was made by, from or on behalf of, or on account of, or for the benefit of an enemy or ally of enemy; and any person who knowingly pays, discharges, or satisfies any such debt, note, bill, or other obligation or chose in action shall, on conviction thereof, be deemed to violate section three hereof [section 3 of this Appendix]: Provided, That nothing in this Act [said sections] contained shall prevent the carrying out, completion, or performance of any contract, agreement, or obligation originally made with or entered into by an enemy or ally of enemy where, prior to the beginning of the war and not in contemplation thereof, the interest of such enemy or ally of enemy devolved by assignment or otherwise upon a person not an enemy or ally of enemy, and no enemy or ally of enemy will be benefited by such carrying out, completion, or performance otherwise than by release from obligation thereunder. Nothing in this Act [said sections] shall be deemed to prevent payment of money belonging or owing to an enemy or ally of enemy to a person within the United States not an enemy or ally of enemy, for the benefit of such person or of any other person within the United States, not an enemy or ally of enemy, if the funds so paid shall have been received prior to the beginning of the war and such payments arise out of transactions entered into prior to the beginning of the war, and not in contemplation thereof: Provided, That such payment shall not be made without the license of the President, general or special, as provided in this Act [said sections]. Nothing in this Act [said sections] shall be deemed to authorize the prosecution of any suit or action at law or in equity in any court within the United States by an enemy or ally of enemy prior to the end of the war, except as provided in section ten hereof [section 10 of this Appendix]: Provided, however, That an enemy or ally of enemy licensed to do business under this Act [said sections] may prosecute and maintain any such suit or action so far as the same arises solely out of the business transacted within the United States under such license and so long as such license remains in full force and effect: And provided further, That an enemy or ally of enemy may defend by counsel any suit in equity or action at law which may be brought against him. Receipt of notice from the President to the effect that he has reasonable ground to believe that any person is an enemy or ally of enemy shall be prima facie defense to any one receiving the same, in any suit or action at law or in equity brought or maintained, or to any right or set-off or recoupment asserted by, such person and based on failure to complete or perform since the beginning of the war any contract or other obligation. In any prosecution under section sixteen hereof [section 16 of this Appendix] proof of receipt of notice from the President to the effect that he has reasonable cause to believe that any person is an enemy or ally of enemy shall be prima facie evidence that the person receiving such notice has reasonable cause to believe such other person to be an enemy or ally of enemy within the meaning of section three hereof [section 3 of this Appendix]. (c) If the President shall so require any money or other property including (but not thereby limiting the generality of the above) patents, copyrights, applications therefor, and rights to apply for the same, trade marks, choses in

action, and rights and claims of every character and description owing or belonging to or held for, by, on account of, or on behalf of, or for the benefit of, an enemy or ally of enemy not holding a license granted by the President hereunder, which the President after investigation shall determine is so owning or so belongs or is so held, shall be conveyed, transferred, assigned, delivered, or paid over to the Alien Property Custodian, or the same may be seized by the Alien Property Custodian; and all property thus acquired shall be held, administered and disposed of as elsewhere provided in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix]. Any requirement made pursuant to this Act [said sections], or a duly certified copy thereof, may be filed, registered, or recorded in any office for the filing, registering, or recording of conveyances, transfers, or assignments of any such property or rights as may be covered by such requirement (including the proper office for filing, registering, or recording conveyances, transfers, or assignments of patents, copyrights, trade-marks, or any rights therein or any other rights); and if so filed, registered, or recorded shall impart the same notice and have the same force and effect as a duly executed conveyance, transfer, or assignment to the Alien Property Custodian so filed, registered, or recorded. Whenever any such property shall consist of shares of stock or other beneficial interest in any corporation, association, or company or trust, it shall be the duty of the corporation, association, or company or trustee or trustees issuing such shares or any certificates or other instruments representing the same or any other beneficial interest to cancel upon its, his, or their books all shares of stock or other beneficial interest standing upon its, his, or their books in the name of any person or persons, or held for, on account of, or on behalf of, or for the benefit of any person or persons who shall have been determined by the President, after investigation, to be an enemy or ally of enemy, and which shall have been required to be conveyed, transferred, assigned, or delivered to the Alien Property Custodian or seized by him, and in lieu thereof to issue certificates or other instruments for such shares or other beneficial interest to the Alien Property Custodian or otherwise, as the Alien Property Custodian shall require. The sole relief and remedy of any person having any claim to any money or other property heretofore or hereafter conveyed, transferred, Page 19 TITLE 50, APPENDIX—WAR AND NATIONAL DEFENSE § 8 assigned, delivered, or paid over to the Alien Property Custodian, or required so to be, or seized by him shall be that provided by the terms of this Act [said sections], and in the event of sale or other disposition of such property by the Alien Property Custodian, shall be limited to and enforced against the net proceeds received therefrom and held by the Alien Property Custodian or by the Treasurer of the United States. (d) If not required to pay, convey, transfer, assign, or deliver under the provisions of subsection (c) of this section, any person not an enemy or ally of enemy who owes to, or holds for, or on account of, or on behalf of, or for the benefit of an enemy or of an ally of enemy not holding a license granted by the President hereunder, any money or other property, or to whom any obligation or form of liability to such enemy or ally of enemy is presented for payment, may, at his option, with the consent of the President, pay, convey, transfer, assign, or deliver to the alien property custodian said money or other property under such rules and regulations as the President shall prescribe. (e) No person shall be held liable in any court for or in respect to anything done or omitted in pursuance of any order, rule, or regulation made by the President under the authority of this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix]. Any payment, conveyance, transfer, assignment, or delivery of money or property made to the alien property custodian hereunder shall be a full acquittance and discharge for all purposes of the obligation of the person making the same to the extent of same. The alien property custodian and such other persons as the President may appoint shall have power to execute, acknowledge, and deliver any such instrument or instruments as may be necessary or proper to evidence upon the record or otherwise such acquittance and discharge, and shall, in case

of payment to the alien property custodian of any debt or obligation owed to an enemy or ally of enemy, deliver up any notes, bonds, or other evidences of indebtedness or obligation, or any security therefor in which such enemy or ally of enemy had any right or interest that may have come into the possession of the alien property custodian, with like effect as if he or they, respectively, were duly appointed by the enemy or ally of enemy, creditor, or obligee. The President shall issue to every person so appointed a certificate of the appointment and authority of such person, and such certificate shall be received in evidence in all courts within the United States. Whenever any such certificate of authority shall be offered to any registrar, clerk, or other recording officer, Federal or otherwise, within the United States, such officer shall record the same in like manner as a power of attorney, and such record or a duly certified copy thereof shall be received in evidence in all courts of the United States or other courts within the United States. # Regulation Z

Banking rules were adopted to protect the Private Property that was being leveraged in the corporate system.

**Regulation Z**, is an international banking and securities regulation that was adopted by the Federal Reserve Board of Governors, and which resulted in the *Consumer Protection Acts* including the *Truth in Lending Act*.

Private Property is supposed to be protected by attaching "**Z tags**" to it. bill collectors and revenue agents patrolling our streets are supposed to recognize the tags if they recognize nothing else and are supposed to be told to leave cars, homes, land, etc., displaying the proper "**Z tags**" alone.

In America, because we have two foreign subcontractors at odds with each other, we need two kinds of "**Z tags**" to accomplish this same function.

We need a white "**Z**" with a black background to waive off Municipal bill collectors, and a black "**Z**" with a white background to waive off Territorial bill collectors.

The idea was that it was outrageous enough that they were using our assets to profit themselves and forcing **ALL Americans** to pay the Municipal Government's debts under False Pretenses — without also endangering our actual property and making it subject to seizure for failure to pay THEIR debts.

Like all the other remedy that was supposed to be afforded to every American, none of this was ever explained.

To this day, the bill collectors and revenue agents remain largely ignorant about what a "**Z tag**" means, though in some states, like Alaska, highway patrolmen know enough to leave cars carrying a "**Z tag**" alone.

"Regulation Z" has not been explained to the American population enough or at all to make us all aware of this protection, so the one remedy that remained, the one thing that was supposed to be a Fail Safe to protect our Private Property from being stolen under False Pretenses, was never actually made available to Americans either.

Start plastering "**Z tag**" signs, white on black and black on white on your homes and automobiles, and everything else you don't want stolen.

Start explaining the situation to your family and friends, then help educate the corporate "Sheriffs", "Judges", "Court Clerks", Highway Patrolmen and other Law enforcement employees. Give them a copy of this article so they all get a nose-full and can't wishy-washy around and pretend that you ever knowingly, willingly agreed to any of the numerous undisclosed contracts, color of law, codes, policy, or revised statutes since 1865.

Accounts are sometimes placed for collection even though the existence or amount of the debt is disputed. Payment experiences reflect how bills are met in relation to the terms granted. In some instances payment beyond terms can be the result of disputes over merchandise, skipped invoices etc. Each experience shown represents a separate account reported by a supplier. Updated trade experiences replace those previously reported.
